RE: COUNTRY OF ORIGIN

To Whom it May Concern:

RISCO Incorporated is an American manufacturer located in the United States of America. We operate solely out of one facility located at:

**390 Risco Circle
Beaumont, Ca 92223**

RISCO Incorporated manufactures various fasteners, such as, rivets, bolts, pins, and screws. These parts are produced through the cold-forming process. In addition to cold-heading, we also produce parts that require threads, slotting, or knurling. All of these processes are completed in the above referenced facility.

If you should have any further questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lisa Frainee', is written over a horizontal dashed line.
